WHY NOT GO THE EXTRA MILE?

That's the approach Robinson Restoration and Service feels is such an important part of what we're about.

Just returning from Denton, Texas, home of the famed Robinson Restoration and Service, with a clear case of total brain overload.

Who can identify these tail lights??
Email us with your guess!

With so much to take in, film, record and make note of, we could hardly catch our breath. The Service Department was, as usual, very busy and had some great vehicles in the shop being tuned and adjusted.

We were introduced to a couple of new team members, and given insight as to a couple of new projects.

As most of you know Tracey and Shelly are deeply involved with Vintage Road Racing. Their 1966 Dodge Dart is a fixture at CVAR events in West Texas and Oklahoma as the husband and wife driving team do an amazing job of hustling the historic Dart around the race tracks.

Continuing their love of Dodge and Plymouth products they currently have a 1967 Barracuda undergoing full race prep and it's going to be typically Robinson Restoration spectacular.

If that wasn't enough, two of the Robinson team are dirt track racers, so to that end, Robinson is taking the step into stock car racing with a Chevy Camaro.

From Concourse road racing to down-and-dirty dirt track racing, the team appears to be well armed to have an amazing 2025. Watch this site for build and racing progress as the gang puts on their driving suits.

Robinson's body shop is as busy as one can imagine. From Shelby GT350s to, of all things, the Batmobile and everything in between, sanding dust is in the air. We were in shock to see the Batmobile in the mix for some finish work. This site will definitely have follow up video and news about that project.

Other great news came in the form of motorcycles. RRS has become quite the bike repair, restore and tune shop with the recent addition of a new motorcycle tech. It appears to us the BMWs and Triumphs truly have found a home joining the Hondas & BSAs in the shop. Must say the BMW with a sidecar looks like great fun.

From Tracey and the team at Robinson Restoration & Service we wish you a Merry Christmas & a Happy New Year!
